In ancient Egypt, words had magical power. Inscribed on tombs and temple walls, coffins and statues, or inked onto papyri, hieroglyphs give us a unique insight into the life of the Egyptian mind. For this remarkable new collection, Egyptologist Toby Wilkinson has freshly translated a rich and diverse range of ancient Egyptian writings into modern English, including tales of shipwreck and wonder, first-hand accounts of battles and natural disasters, obelisk inscriptions, mortuary spells, funeral hymns, songs, satires and advice on life from a pharaoh to his son. Spanning over two millennia, with many pieces appearing in a general anthology for the first time, this is the essential guide to a complex, sophisticated culture. (Source : éditeur)
